

**CONNECTICUT UROLOGY SOCIETY**  
**November 15, 2023 Annual Educational Program**  
**CME EVALUATION FORM**

Physician's Name \_\_\_\_\_

Email \_\_\_\_\_

Please evaluate the following topics on a scale of 1 to 4 with the following values:

1 - poor    2 - satisfactory    3 - good    4 - excellent

Circle One

1. SUBJECT MATTER OF MEETING    1 2 3 4    2. LOCATION    1 2 3 4

3. FACILITIES    1 2 3 4    4. AUDIO/VISUAL    1 2 3 4

**Multiparametric MRI, Targeted Biopsy and Molecular Diagnostics – Emerging Tools and Challenges in Modern Prostate Cancer Diagnosis and Treatment**

– James Wysock, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Yale Research - Findings in 2023**

– Preston Sprenkle, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Energy Sources and Approaches for Partial Gland Prostate Ablation**

– James Wysock, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Hartford HealthCare Research – Findings in 2023**

– Joseph Wagner, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Little Incisions, Big Changes: Minimally Invasive Urologic Reconstruction**

– Joshua Sterling, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Advocacy – Why Urologists Should Engage**

– Senator Saud Anwar, MD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**The Cost of Healthcare – Facts and Myths and How it Affects the Practice of Medicine**

– Wendy L. Kroll, JD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

**Brief Medical Practice Legal Update: Patient Record Destruction and the Law – The Risk of Treating Family and Friends – What's at Stake**

– Joyce A. Lagnese, JD

Degree to which objectives were met    1 2 3 4

Did speaker disclose all relevant financial interests in any product or company?    \_\_\_ Yes    \_\_\_ No

Was the presentation fair and balanced?    \_\_\_ Yes    \_\_\_ No

“This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Connecticut Society of Eye Physicians and CT Urology Society. The Connecticut Society of Eye Physicians is accredited by the ACCME to provide continuing medical education for physicians.”

CSEP designates this educational activity for a maximum of 4.0 AMA PRA Category I Credit(s)<sup>™</sup> toward the AMA Physicians Recognition Award. Each physician should claim only those hours of credit that he/she spent in the activity.

CSEP ensures that all decisions related to the planning, faculty selection, delivery, and evaluation of accredited education are made without any influence or involvement from the owners and employees of an ineligible company. In addition, CSEP ensures that the Accredited education is free of marketing or sales of products or services and that all faculty will not actively promote or sell products or services that serve their professional or financial interests during accredited education. CSEP will not share the names or contact information of learners with any ineligible company or its agents without the explicit consent of the individual learner.

---

## Outcome Measurements

1. Has this program changed the way you will care for patients?  Yes  No
  2. How will this program change the way you will care for patients?  
-----  
-----
  3. Do you believe this program will have a positive effect on patient surgical or clinical outcomes?  Yes  No
  4. Can you offer other speakers or talks that will provide information to improve clinical outcomes at the next meeting?  
 Yes  No
- 

## Post-Competency Questions

### Little Incisions, Big Changes: Minimally Invasive Urologic Reconstruction – Joshua Sterling, MD

Question 1. The success of endoscopic management for ureteral strictures significantly worsens in strictures that are:

- a. <0.5 cm
- b. >1 cm
- c. >2 cm
- d. >5 cm

Question 2. Adverse events related to the injection of mitomycin C include:

- a. Osteitis pubis, rectourethral fistula formation, bladder necrosis
- b. Hematuria, dysuria
- c. Bladder neck contracture
- d. Mitomycin C is not associated with any serious adverse events

### Hartford HealthCare Research - Findings in 2023 – Joseph Wagner, MD

Question 1. Which of the following appears to be the most successful in preventing lymphoceles after radical prostatectomy?

- a. Liberal use of clips
- b. Hemostatic agents
- c. Liberal use of cautery
- d. A and C
- e. Peritoneal flap

Question 2. Which of the following yields the highest rate of detecting clinically significant prostate cancer?

- a. Transperineal fusion biopsy with grid
- b. Transrectal fusion biopsy
- c. Transperineal fusion biopsy with precision point
- d. All are equal
- e. A and C

### Multiparametric MRI, Targeted Biopsy and Molecular Diagnostics – Emerging Tools and Challenges in Modern Prostate Cancer Diagnosis and Treatment – James Wysock, MD

Question 1. Which of the following is the next best test for a 65 year old healthy man that is referred with a PSA of 7 ng/mL and a prostate MRI demonstrating a PI RADS 3 lesion?

- a. ConfirmMDx
- b. PSMA PET CT
- c. ExactVue MicroUS
- d. Decipher Biopsy
- e. ExoDx Prostate Test

Question 2. What is the recommended next step for a 65 year old healthy man with a family history of prostate cancer, PSA of 7 ng/mL, 4Kscore 20%, prostate volume of 30 cc, 4 x 5 mm PI RADS 4 lesion in the anterior base with a negative transrectal prostate biopsy in both systematic and targeted biopsy cores?

- a. Repeat MRI prostate
- b. PMSA PET CT
- c. Repeat prostate biopsy
- d. Genetic testing
- e. MDx Genomic Prostate Score

**Energy Sources and Approaches for Partial Gland Prostate Ablation – James Wysock, MD**

Question 1 Transrectal High Intensity Focused Ultrasound (HIFU) prostate ablation utilizes the following to determine real-time treatment success?

- a. Rectal wall temperature
- b. Changes in ultrasound grey-scale appearance
- c. Color Doppler Sonography
- d. Contrast enhanced ultrasound
- e. B & D
- f. All of the above

Question 2 A 75M diagnosed with GG2, MR concordant prostate cancer in the right posterolateral midgland elects to proceed with prostate cryoablation. Which of the following is the most important feature to consider in treatment planning?

- a. Prostate volume
- b. Presence of intraprostatic calcifications
- c. PI RADS score
- d. MDx Genomic Prostate Score
- e. MRI Lesion size

**Evaluation form & pre & post competency questions must be completed to received certificate**
